CLAUDEX HEARTBEAT DIGEST — 2026-07-09

BY RED, LLC · REDLANTERN STUDIOS · JULY 9, 2026 · PREPARED FOR KEYMON PENN · VOICE: RORYWORDS

STATUS

VERIFIED SYNC YELLOW. Focus: Authentic Hadith, e2e v1 refinement. TradeSwarm is the only RED lane. Amina cleared to YELLOW: build 7 is live on TestFlight and the old Xcode Accounts blocker is superseded. Latest receipt: TC-20260710-CDX-01 (AH learning readability and quiz relevance fix).

RORY TODAY — VERIFIED EVIDENCE

AUTHENTIC HADITH

Submission push

Handed off the iOS submission with screenshot evidence, refreshed the build 105 handoff, recorded the launch network fix, the learning fix, and a TestFlight e2e blocker. Commits 45c8d20, 0924a15, 007f003, 967402b, 9c90f41, 64f4fa8.

BRIDGE

Heartbeat discipline

Sixteen hourly heartbeats ran today, quiet hours confirmed honestly with no fake receipts, bridge carried to rev 128. Receipt TC-20260709-HB-01 covered the AH submission push reconciliation.

NEEDS KP

Authentic Hadith: after build 107+ is cut and submitted, confirm the seven day ah_monthly_premium trial and run the TestFlight learning proof before App Review.

OPEN

Amina: pick the next authorized section — 4C reset delivery proof, 5B RevenueCat repair, 7A App Store Connect finalization, F screenshots, or 3 physical iPhone UAT.

OPEN

Claudem: mirror the Codex cost setup (OPS/KEYMON_CODEX_COST_SETUP_20260708.md plus the SwarmClaw cost control addendum) and write a verification receipt.

OPEN

Questions Q-20260707-01 and Q-20260707-04 remain open to keymon-claude.

OPEN

NEXT

One concrete move: handle the Authentic Hadith trial confirmation and TestFlight learning proof, since AH is the global focus lane. The Cowork heartbeat keeps reporting hourly at :41 and this branded digest refreshes daily inshallah.
