

NINETY DAY HUMAN APPROVAL AGREEMENT

KEYMON

BACKUP REVIEW AND STOP AUTHORITY

ROLE

Backup human reviewer and emergency stop authority when Ro or Homira is unavailable

AUTHORITY GRANTED

- Review evidence, demand, public candidates, and introduction candidates.
- Approve, deny, pause, or stop Footprint actions inside the recorded policy.
- Escalate unsafe, unclear, unfair, or unsupported actions.

HARD LIMITS

- This form does not authorize Footprint to publish as Keymon.
- This form does not authorize external messages or commitments as Keymon.
- Identity use requires separate written permission for the exact action.

APPROVAL LOOP

For the first ninety days, every public post and every introduction requires a recorded approval sent to the dedicated team monitored Footprint inbox. Silence is not approval. The approval record must name the approver, action, date, and final version.

DEDICATED FOOTPRINT APPROVAL INBOX

AGREEMENT

I accept backup review and emergency stop authority for ninety days. I may revoke it at any time in writing.
